

Dear all,

We hope you all had safe and easy returns to your homes and families. In this email you will find information about the follow up assignments and the information for the phone groups/webinars.

A. As promised, we are sending you the follow up assignments that will be due at the June seminar (June 26-29). Attached you will find:

- 1) Havruta assignment
- 2) Observing and Talking with a Teacher Assignment
- 3) Rehearsing Video Facilitation Investigation

As a reminder: we are asking everyone to complete #1 (Havruta). In addition we would like people to do #2. However, if you cannot find a teacher to observe in the time you have left in the school year, then do #3. In other words, you must complete two assignments - #1 and preferably #2.

B. The assignment for the phone groups/webinars is to watch a 9 minute video of children learning supporting and challenging practices. Click on this link to get to the video. <http://vimeo.com/97982899> (full version)

Please watch it **BEFORE** your scheduled phone group/webinar. Consider these questions as you watch:

- 1) *What did you notice about the children's use of particular havruta moves?*
- 2) *What insights did this give you about teaching supporting/challenging to others?*
- 3) *What did you notice that you might try with others?*

C. If you have not yet signed up for a phone group/webinar, please do so **NO LATER THAN MONDAY APRIL**

11th. <http://www.signupgenius.com/go/10c084fa4ab2da3ff2-maygroup/>

If none of the openings available are possible for you, please let us know that by Monday as well.

D. By next week the Seminar 3 notebook documents as well as the handouts and Powerpoints will all be posted on the MTEI website (in the Cohort 7 menu). The password is: MTEI18

Wishing you all a Shabbat shalom and happy Rosh Hodesh Nisan (tomorrow).

Warmly,

Miriam, Gail and Seymour
