MTEI Institutional Agreement

We have reviewed the participation details for the thirteenth cohort of the Mandel Teacher Educator Institute (MTEI) program at www.mtei-learning.org/cohort-13. We know that this program is a transformative leadership development program and know that our institution will benefit from our leader's participation.

We understand that this program takes place in Skokie, Illinois, and includes six seminars, beginning in February 2028 and ending in October 2029. We understand that over the course of the program our educator will design and implement new professional learning opportunities for teachers in our institution.

We realize that participation implies both a financial commitment from our institution (for transportation to and from the seminars) and a time commitment from our educator. By signing this agreement, we acknowledge our desire for our institution's participation and our commitment to support professional development work for our educational staff.
